# Indiana Wish

Granting wishes for children with life-threatening illnesses.

We are a non-profit 501c3 single-entity wish-granting organization registered with the State of Indiana. We grant wishes to Indiana children who suffer from a life-threatening or terminal illness.

Together, we will transform lives. By supporting Chukkers for Children Polo Match through sponsorship and joining us in our mission, your company will help enhance the lives of many local wish children and their families.

A wish is powerful. It delivers hope and provides strength for our wish kids and families when they are going through one of the most difficult times in their lives.

Life changing wishes like Scarlett's are only possible because of financial support

from donors and sponsors like you. These wishes have a real and lasting impact on wish children, their families and their communities. Health professionals who treat wish kids, including nurses and doctors, overwhelmingly believe that the wish experience can improve a wish kids' physical health. Most health professionals say a wish come true has the potential to be a positive turning point in the child's battle for health.

It takes a community to make these wishes happen. Please join us in making wishes come true.

Scarlett, age 5, Trip to Disney World
